John Mina - Podiatrist & Rotarian

Foot Health and Its Affect on Your Overall Health

John is a podiatrist who has been practicing in North Fort Myers for 42 years. He earned his medical degree from the Temple School of Podiatric Medicine in Philadelphia and his Undergraduate degree from the University of Miami.

John joined our Rotary Club in October 1982. He served as our President in 1987-88 and is a multiple Paul Harris Fellow. John was selected as our Rotarian of the Year in 2020.

In 1992, John founded the doo-wop musical group Brylcream and has entertained us at several of our parties. John also likes to travel and has made a couple of trips to Mongolia and several other exotic locations around the world.

Among John's other interests is the field of paleontology; the study of fossils. Besides hunting for fossils here locally, he has participated in excavations in Nebraska, Wyoming, and Montana. In his quest to continue visiting different places from the average tourist, John has been to Iceland and Tucson, Arizona where he attended a Fossil Show.

Today, John will be addressing your foot health and how it can directly affect your overall health.

PLEASE WELCOME OUR OWN JOHN MINA !!!

The Four Way Test Of the Things We Think, Say, and Do

- First, is it the truth?
- Second, is it fair to all concerned?
- Third, will it build goodwill and better friendships?
- Fourth, will it be beneficial to all concerned?

Of course it will, Now go out and live it!
