Jeff is a biologist specializing in natural resource management with more than 22 years of experience managing and protecting Lee County's conservation lands through the voter-approved Conservation 20/20 program. This long-standing program has preserved more than 31,000 acres across 71 sites throughout the county, all dedicated to conservation and environmental education.

Prior to joining Lee County, Jeff spent three years with the U.S. Forest Service as a wildland firefighter in Idaho and Montana, gaining hands-on experience in fire ecology and land management that continues to inform his work today.

He holds a bachelor's degree in Natural Resource Management with an emphasis in Forest Ecology, providing a strong foundation for his work in land stewardship and habitat management.

As a Natural Areas Coordinator, Jeff plays a key role in conservation land stewardship, including ecological assessments, land management planning, invasive species control, prescribed fire, and the maintaining public amenities such as trails, boardwalks, and picnic areas. Jeff is also an ISA Certified Arborist with more than 20 years of experience and a deep passion for trees and conservation. In addition to his primary role, he serves as a trainer for Lee County Parks and Recreation, sharing his knowledge through a variety of classes throughout the year.

Jeff is committed to connecting the community with the natural environment through educational programs, guided tours, and volunteer opportunities that foster a greater appreciation for Lee County's unique natural resources.

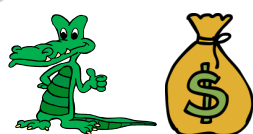

PLEASE WELCOME JEFF ANDERSON !!!

The Four Way Test Of the Things We Think, Say, and Do

- First, is it the truth?
- Second, is it fair to all concerned?
- Third, will it build goodwill and better friendships?
- Fourth, will it be beneficial to all concerned?

Of course it will, Now go out and live it!
